

By special invitation only

Europol Vehicle Crime Conference

New Scotland Yard, London - 8th October 2010

Seminar on Construction & Agricultural Machinery Theft and the Official Equipment Security and Registration (CESAR) Scheme

Further to our last meeting in Gothenburg in 2009, the UK Police are pleased to invite EU colleagues to an important one day seminar at New Scotland Yard, London, to demonstrate security measures introduced to tackle the problem of construction and agricultural machinery theft. There will be a formal presentation on the introduction and development of the official CESAR scheme, a demonstration of the benefits of partnership working with the construction and agricultural equipment manufactures, hire and insurance divisions and a tour of the London Olympic Development Area to experience 'hands on' practical understanding of how the scheme works to reduce theft of construction equipment.

It is intended that delegates will be able to discuss the scheme in more detail at the next meeting of the Contact Points in Brussels on 9th/10th November 2010.

London Olympic Development Site
